

INSTRUCTIONS FOR AUTHORS

Scope: PJO, The Pakistan Journal of Ophthalmology, publishes original articles concerning disorders of the eye and its adnexa.

Ethical / Legal Considerations: A submitted manuscript must be an original contribution not previously published (except as an abstract or preliminary report), must not be under consideration for publication elsewhere, and if accepted, it must not be published elsewhere in similar form. Each person listed as an author is expected to have participated in the study to a significant extent. Although the editors and referees make every effort to ensure the validity of published manuscripts, the final responsibility rests with the authors, not with the Journal, its editors, or the publisher. All manuscripts must be submitted by email to the address pjoosp@gmail.com.

Financial disclosure: Each author warrants that he or she has no commercial associations (e.g., consultancies, stock ownership, equity interest, patent/licensing arrangements, etc.) that might pose a conflict of interest in connection with the submitted article, except as disclosed on a separate attachment. All funding sources supporting the Work and all institutional or corporate affiliations of the authors are acknowledged in a footnote in the Work.

Patient anonymity and informed consent: It is the author's responsibility to ensure that a patient's anonymity be carefully protected and to verify that any experimental investigation with human subjects reported in the manuscript was performed with informed consent and following all the guidelines for experimental investigation with human subjects required by the institution(s) with which all the authors are affiliated.

Copyright: All authors must sign a copy of the journal's Authorship Responsibility, Financial Disclosure, and Copyright Transfer form included below and submit it with the article; and disclose each author's contribution to the article.

"In consideration of the Pakistan Journal of Ophthalmology's taking action in reviewing and editing my (our) submission, the author(s) undersigned hereby transfer(s), assign(s), or otherwise convey(s) all copyright ownership to the Pakistan Journal of Ophthalmology in the event that such work is published by the Pakistan Journal of Ophthalmology."

Permissions: Authors must submit written permission from the copyright owner (usually the publisher) to use direct quotations, tables, or illustrations that have appeared in copyrighted form elsewhere, along with complete details about the source.

The article must be submitted by email in the following format:
